

Arkansas Camp Meeting Theme:

A SHELTER IN THE COMING STORM

Arkansas Camp Meeting

June 10-14, 2009

Hosted by the Mid-America Sisterhood of Churches (MASC)

Website: MidAmericaSisterhood.org

“Let all who possibly can, attend these yearly gatherings. All should feel that God requires this of them. If they do not avail themselves of the privileges which He has provided for them to become strong in Him and in the power of His grace, they will grow weaker and weaker, and have less and less desire to consecrate all to Him. Come, brethren and sisters, to these sacred convocation meetings, to find Jesus. He will come up to the feast; He will be present, and will do for you that which you need most to have done. Your farms should not be considered of greater value than the higher interests of the soul. All the treasures you possess, be they ever valuable, would not be rich enough to buy you peace and hope, which would be infinite gain at the cost of all you have and the toils and sufferings of a lifetime. A strong, clear sense of eternal things, and a heart willing to yield all to Christ, are blessings of more value than all the riches and pleasures and glories of this world.

“These camp meetings are of importance. They cost something. The servants of God are wearing out their lives to help the people, while many of them appear as if they did not want help. For fear of losing a little of this world’s gain, some let these precious privileges come and go as though they were of but very little importance. Let all who profess to believe the truth respect every privilege that God offers them to obtain clearer views of His truth and His requirements, and the necessary preparation for His coming. A calm, cheerful, and obedient trust in God is what He requires.” 2T 600-601

In 1990 John & Windy first began to understand the connection of physical health and spirituality, leading to a shift in their emphasis. They re-named their ministry “The Temple Restored Ministry”. They have traveled worldwide, teaching a blend of Scripture, current events, anecdotal stories, scientific information, and practical hands-on instruction.
